- (2) The purpose of this Request for Qualifications (“**RFQ**”) is to ascertain levels of private sector interest in the Project and, if possible, to shortlist proponents who demonstrate appropriate qualifications to carry out the Project.
- (3) BLDC wishes to assess whether there is a sufficient number of interested and qualified private sector parties to participate in a competitive procurement process for this Project. If this can be ascertained, BLDC will invite eligible parties to submit proposals for this Project, and evaluate them in order to select a Successful Proponent. BLDC is committed to ensuring that the whole process is conducted in a fair, open, and transparent manner.
- (4) Established pursuant to an act of the legislature in 1996, BLDC is a private company limited by shares owned by the Bermuda Government and charged with the management, maintenance, marketing, and promotion of publicly owned lands located in Bermuda, as well as strategic planning for those lands.
- (5) BLDC works with its existing lessees to modernize, expand, and improve the BLDC facilities and to market those facilities to prospective customers.

1.2 Proponent Representatives

This RFQ Process is a standalone and independent stage that begins with issuance of this RFQ and ends when the Prequalified Parties are identified by BLDC and all Proponents are notified as to the results of the RFQ Process.

(2) Phase 2 – RFP Process

The RFP Process is the competitive procurement process that may follow the RFQ Process and is intended to result in the identification of a successful Proponent (the “**Successful Proponent**”).

The evaluation committee established by BLDC will evaluate the Proponent’s Technical Submission of those Proponents that obtain a Satisfactory rating after the evaluation of the Financial Information Package in Step 2.

(4) Step 4:

The evaluation committee established by BLDC will present its findings from Steps 1, 2, and 3 to BLDC. The evaluation committee will recommend to BLDC which Proponents should be prequalified for the RFP Process based on the scores arising out of Step 3 of the evaluation process (the “**Proposed Prequalified Parties**”). The Proposed Prequalified Parties will be selected based on the scores arising out of Step 3 of the evaluation process. In the event of a tie in the final prequalification submission score between two or more Proponents, the evaluation committee will recommend those Proponents which have tied as Proposed Prequalified Parties.

(5) Step 5:

Subject to Section 5.2, and following approval by BLDC, the Contact Person will contact all Proponents to inform them whether or not they have been determined to be Prequalified Parties.

5.2 Maximum Number of Prequalified Parties and Reserve Prequalified Parties

- (1) BLDC intends to prequalify, at a maximum, the number of Prequalified Parties set out in the RFQ Data Sheet.
- (2) BLDC may, in its discretion and before the issuance of the RFP Documents, increase the number of Prequalified Parties, designate one or more Proponents not selected as a Prequalified Party as a reserve Prequalified Party, replace a Prequalified Party that has been disqualified by it, has informed BLDC that it does not intend to participate in the RFP Process, or otherwise ceases to be qualified to participate in the RFP Process, by inviting other Proponents, based on their ranking in this RFQ Process, to be added to the list of Prequalified Parties, even if those Proponents were not Prequalified Parties in the first instance.

At any time before or after the issuance of the RFP documents, BLDC may, in its discretion, invite one or more reserve Prequalified Parties to participate in the RFP Process.

Prior to such invitation and identification of a Reserve Prequalified Party as a Prequalified Party, BLDC may, without limiting the applicability of any other provision of this RFQ:

- (a) impose upon such Reserve Prequalified Party any requirement set forth in Sections 7.4(4) and 8.3(4); and
- (b) require such Reserve Prequalified Party to confirm in writing, in a form satisfactory to BLDC, that it will participate in the RFP Process.

5.3 Clarifications of Prequalification Submissions

- (1) During the evaluation of Prequalification Submissions, BLDC may request that any Proponent provide further clarification of any part of its Prequalification Submission. The evaluation of a Prequalification Submission will include any clarifications provided in writing in response to questions posed by BLDC as well as any other investigations made by BLDC. BLDC will have the right to verify any information received, including any references, and, for that purpose, the Proponents shall be deemed to consent to and authorize the release of such information to BLDC. If required, it may be necessary for a Proponent to attend one or more clarification meetings with BLDC.
- (2) BLDC is under no obligation to request clarification with respect to, or verify, any information in any Prequalification Submission, including the clarification or verification of an ambiguity in the Prequalification Submission. BLDC may, in its discretion, request clarification with respect to, or verify, matters related to none, one or some of the Prequalification Submissions.

5.4 Proponent Interviews and Reference Checks

BLDC reserves the right to check references provided by Proponents and references other than those provided by Proponents in their Prequalification Submissions. BLDC also reserves the right to conduct interviews with the Proponents to further understand the Proponent's Prequalification Submission and to meet key members of the Proponent's team. BLDC may request clarification of a Proponent's Prequalification Submission at an interview and BLDC may treat these clarifications in the same fashion as clarifications provided in writing in accordance with Section 5.3(1). BLDC is under no obligation to check references provided by Proponents or to conduct interviews with the Proponents.

5.5 Changes of Proponents or Team Members

- (1) Proponents are not permitted to withdraw, substitute, add to, or otherwise change any Team Members after the Submission Deadline where such withdrawal, substitution, addition or other change is within the control of the Proponent or applicable Team Member without the prior written consent of BLDC, acting in its discretion.
- (2) In the event of a change in Control of a Team Member or other material change to a Team Member, either of which is not within the control of the Proponent or the applicable Team Member:
 - (a) the Proponent shall provide written notice to BLDC no later than five calendar days after such change; and
 - (b) following delivery of such written notice BLDC shall make an assessment, acting in its discretion, as to whether the change may have an adverse impact on the Proponent's Prequalification Submission.

- (i) If BLDC determines there to be an adverse impact on the Proponent's Prequalification Submission, then BLDC may either disqualify the entire Proponent Team and/or reject the Proponent's Prequalification Submission or permit the Proponent to propose a substitute of the applicable Team Member subject to prior written consent of BLDC, acting in its discretion.
 - (ii) If BLDC determines there to be no adverse impact on the Proponent's Prequalification Submission, then BLDC may either continue to consider the Proponent in the RFQ Process or permit the Proponent to propose a substitute of the applicable Team Member, the acceptability of which shall remain subject to prior written consent of BLDC, acting in its discretion.
- (3) A Proponent that becomes a Prequalified Party shall not make any material change to the role or scope of work to be performed by any Prime Team Member without the prior written consent of BLDC, acting in its discretion.

In respect of any consent required from BLDC pursuant to this Section 5, BLDC may request additional information or require some or all of the Team Members, including any Team Member that will no longer form part of the Proponent, to confirm in writing their agreement to the Team Member withdrawal, substitution, addition, or change, as applicable.

5.6 Material Changes

- (1) Proponents have an ongoing obligation at all times to immediately report any material change in their Prequalification Submissions, including financial changes, any information contained in any officer's certificate, Prequalification Submission Form, or any other form submitted in connection with this RFQ.
- (2) If there are any material changes to a Proponent's Prequalification Submission, the Proponent shall immediately provide details of such changes in accordance with any requirements the BLDC may impose, in their discretion, at that time. Failure to respond to BLDC's request for updated information may result in the disqualification of the Prequalified Party.
- (3) After the identification of Prequalified Parties but before the issuance of the RFP documents, the BLDC may, in its discretion, request any Proponent to confirm that there have been no material changes to the information submitted by the Proponent in response to the Prequalification Submission Requirements, including any information in respect of financial changes, any information contained in any officer's certificate, Prequalification Submission Form, or any other form submitted in connection with this RFQ.
- (4) BLDC shall evaluate, if applicable, the updated information submitted by the Proponents in accordance with the Evaluation Criteria set out in this RFQ and may revise the Proponent's score and ranking to reflect the results of the evaluation. If a Proponent's revised score results in a change in its ranking, BLDC may, in discretion, invite a Reserved Prequalified Party to become a Prequalified Party in the manner set forth in Section 5.2(2).

5.7 Debriefing

Any Proponent which has not been approved to proceed further in the RFQ Process or the RFP Process may request a debriefing from BLDC. BLDC reserves the right to hold individual and/or

group debriefing sessions with each Proponent that has been approved to proceed to the RFP Process. Any information provided by BLDC in good faith during a debriefing shall not be used against BLDC or its Representatives in any way whatsoever, including in any legal action.

SECTION 6 – RFQ EVALUATION CRITERIA CATEGORIES

6.1 Evaluation Criteria Categories

- (1) A Prequalification Submission that has passed the substantial completeness review will be subjected to a scoring, further details of which are set out in Schedule B – Prequalification Submission Requirements to this RFQ.
- (2) The weightings for the Evaluation Criteria Categories in this RFQ Process are set out in the RFQ Data Sheet. The Evaluation Criteria are set out in Schedule A – RFQ Data Sheet. A score will be assigned to each point of information requested.
- (3) The evaluation teams will evaluate each Prequalification Submission on the extent to which it meets or exceeds the Evaluation Criteria and meets or exceeds any other requirements of this RFQ.

SECTION 7 – CONDUCT OF PROPONENTS

7.1 Communications and Public Comment

- (1) Neither Proponents nor their Representatives or Team Members shall,
 - (a) make any public comment, respond to questions in a public forum, or carry out any activities to publicly promote or advertise their qualifications, interest in or participation in the Project or this RFQ Process without BLDC's prior written consent, which consent may be arbitrarily withheld or delayed; or
 - (b) engage in any way whatsoever in any form of political or other lobbying to influence the outcome of this RFQ Process.
- (2) Neither Proponents nor their Representatives or Team Members shall issue news releases, internet postings, advertisements or any other public communications pertaining to the Project without the prior written approval of BLDC and then only in coordination with BLDC.
- (3) In the event of any lobbying or communication by a Proponent in contravention of Section 7.1(1), BLDC may, in its full, absolute, complete, and arbitrary discretion and at any time, prohibit a prospective Proponent from submitting a Prequalification Submission or reject the Prequalification Submission submitted by that Proponent in this RFQ Process, without further consideration. BLDC may, as an alternative to the rejection of a Prequalification Submission or the related prospective Proponent impose such conditions on that Proponent's continued participation in the RFQ Process and any subsequent procurement process as BLDC, in its discretion, may consider in the public interest or otherwise appropriate.
- (4) Other than as expressly permitted or required in this RFQ, any attempt on the part of any Proponent or any of its Representatives or Team Members to contact, or any contact of, any of the following Persons, directly or indirectly, with respect to this RFQ, may lead to disqualification of a Proponent or rejection of a Prequalification Submission:

- (a) any Person at BLDC, including all officers, directors, managers, and employees of BLDC, other than the Contact Person;
- (b) any member of the evaluation committee;
- (c) any expert or advisor assisting BLDC, or the evaluation committee;
- (d) any member of the Premier's Office, the Cabinet Office, or the staff of any such member or any Bermuda Government employee;
- (e) any Bermuda Government member of the Upper House (Senate) or the Lower House (House of Assembly);
- (f) any public officer of the Bermuda Government;
- (g) any other Proponent or Representative thereof (except Team Members that are part of more than one Proponent in accordance with Section 7.3); or
- (h) any other additional party named in the RFQ Data Sheet.

7.2 Restriction on Communication between Proponents

- (1) A Proponent shall not discuss or communicate, directly or indirectly, with any other Proponent, any information whatsoever regarding the preparation of its own Prequalification Submission or the Prequalification Submission of the other Proponent in a fashion that would contravene the applicable law. Each Proponent shall prepare and submit its Prequalification Submission independently and without any connection, knowledge, comparison of information, or arrangement, direct or indirect, with any other Proponent.
- (2) For greater clarity, Section 7.2(1) applies to Proponents, their Team Members, and their respective Representatives.

7.3 Participation by Team Members on More than One Proponent Team

- (1) A Prime Team Member of one Proponent, or any Person related thereto, may not be a Team Member (except as a lender in a non-financial advisory role) or otherwise participate in the Prequalification Submission of any other Proponent.
- (2) Section 7.3(1) and Section 7.2(2) do not prohibit a Team Member of one Proponent from also being a Team Member of another Proponent, provided that such Team Member is not:
 - (a) a Prime Team Member of any other Proponent;
 - (b) an Affiliate of a Prime Team Member of any other Proponent; or
 - (c) otherwise ineligible to do so.
- (3) A Key Individual, or any Person related thereto, may not be involved in the Prequalification Submission of more than one Proponent.

7.4 Conflict of Interest and Ineligible Persons

- (1) Each Proponent Representative, on behalf of the Proponent and such Proponent's Team Members, must declare and continue to be under an obligation to declare all Conflicts of Interest or any situation that may be reasonably perceived as a Conflict of Interest that exists now or may exist in the future. "**Conflict of Interest**" includes any situation or circumstance where a Proponent and/or Team Member:
 - (a) has other commitments, relationships, financial interests or involvement in any litigation or proceeding that:
 - (i) could or could be seen to exercise an improper influence over the objective, unbiased and impartial exercise of BLDC's independent judgment; or
 - (ii) could or could be seen to compromise, impair, or be incompatible with the effective performance of its obligations under the Project Agreement;
 - (b) has contractual or other obligations to BLDC that could or could be seen to have been compromised or impaired as a result of its participation in the RFQ, the RFP Process or the Project; or
 - (c) has knowledge of confidential information (other than Confidential Information disclosed by BLDC in the normal course of the RFQ Process) of strategic and/or material relevance to the RFQ Process or to the Project that is not available to other Proponents and that could or could be seen to give the Proponent an unfair competitive advantage.
- (2) In connection with its Prequalification Submission, each Proponent shall,
 - (a) avoid any perceived, potential, or actual Conflict of Interest in relation to the Project;
 - (b) prior to or following submission of its Prequalification Submission, upon discovering any perceived, potential or actual Conflicts of Interest, promptly disclose same to BLDC in a written statement to the Contact Person;
 - (c) at the request of BLDC, provide BLDC with the Proponent's proposed means to mitigate and minimize to the greatest extent practicable any perceived, potential or actual Conflict of Interest and shall submit any additional information to BLDC that BLDC consider necessary to properly assess the perceived, potential, or actual Conflict of Interest; and
 - (d) comply with any requirements prescribed by BLDC to mitigate or resolve any perceived, potential or actual Conflict of Interest.
- (3) Without limiting Section 7.4(4), BLDC may, in its discretion, waive any and all perceived, potential or actual Conflicts of Interest. A waiver may be upon such terms and conditions as BLDC, in its discretion, requires to satisfy itself that the Conflict of Interest has been appropriately managed, mitigated and minimized, including requiring the Proponent to put into place such policies, procedures, measures and other safeguards as may be required by and be acceptable to BLDC, in its discretion, to manage, mitigate and minimize the impact of such Conflict of Interest.
- (4) Without limiting Section 7.4(3), and in addition to all contractual or other rights or rights available at law or in equity or legislation, BLDC may, in its discretion, immediately

exclude a Proponent from further consideration or remove the Proponent from the RFQ Process or require the Proponent to remove and/or replace any Team Member in the manner set forth in Section 8.3(2) of the RFQ, if, in each case as determined by BLDC in its discretion,

- (a) the Proponent fails to disclose an actual or perceived Conflict of Interest;
 - (b) the Proponent and/or any Team Member fails to comply with any requirements prescribed by BLDC to mitigate or resolve a Conflict of Interest; or
 - (c) the Proponent's or Team Member's Conflict of Interest issue cannot be mitigated or otherwise resolved.
- (5) The final determination of whether a perceived, potential, or actual Conflict of Interest exists shall be made by BLDC in its discretion.
- (6) As a result of their involvement in the Project, the Persons listed in the RFQ Data Sheet and, subject to the rules set out below, any Person who is a Member of the Legislature of the Bermuda Government, any Person who is a Permanent Secretary or Cabinet Member or ranked higher in the Bermuda Government, any Person Controlled by, that Controls, or that is under common Control with, such listed Persons (each, an "**Affiliate**"), the subcontractors, and consultants of such listed Persons are not eligible to participate as a Proponent's Team Member ("**Ineligible Persons**").
- (7) An Affiliate may be eligible to participate as a Team Member provided that a Proponent has submitted to the Contact Person prior to the date and time set out in the Timetable a request for clarification that includes the following information:
- (a) the full legal name of the Affiliate that it wishes to include as a Team Member;
 - (b) information regarding the Affiliate's relationship to the Ineligible Person;
 - (c) a description of the policies and procedures that will be put in place to mitigate any Conflict of Interest or potential Conflict of Interest; and
 - (d) the justification for excluding the Affiliate from the Conflict of Interest provisions of this RFQ.
- (8) Upon receipt of the request set out in Section 7.4(7) BLDC shall, in its discretion, make a determination as to whether it considers there to be a real, perceived, or potential Conflict of Interest and whether such a Conflict of Interest can be mitigated. The Proponent shall be notified of BLDC's decision and, where applicable, the Affiliate that has been deemed to have a Conflict of Interest which cannot be mitigated shall be added to the list of Ineligible Persons.
- (9) A subcontractor or consultant to any of the Ineligible Persons may be eligible to participate as a Team Member provided that it has undertaken to implement internal policies and procedures to protect and, if requested by BLDC, to return or destroy all Confidential Information which it obtained from or through BLDC in the performance of any obligations under the Project Agreement, and to abide by all confidentiality obligations previously imposed on it in relation to such Confidential Information and Project Agreement obligations.

- (10) With respect to Ineligible Persons or their subcontractors or consultants, BLDC reserves the right, in its discretion, to exclude any Proponent, Affiliate, subcontractor, or consultant to any Proponent on the grounds of Conflict of Interest. BLDC may also, in its discretion, waive the ineligibility of an Affiliate, subcontractor, or consultant of an Ineligible Person on such terms and conditions as BLDC, in its discretion, may require, including that the Proponent or entity put into place adequate safeguards to mitigate the impact of any Conflict of Interest and to ensure that any and all Confidential Information the Proponent may have continues to be kept confidential and not disclosed or used except as expressly allowed by BLDC.
- (11) Other Persons that may be contracted or retained by BLDC to work on the Project may also be deemed Ineligible Persons, at BLDC's discretion.
- (12) For the purposes of this Section 7.4, "**Team Member**" means an individual or entity that is a member of the Proponent's team, including a Prime Team Member and a Key Individual.

7.5 Use of Confidential Information

- (1) Except where the Bermuda Government or BLDC have specifically and expressly authorized a Proponent to the contrary, each Proponent must declare, and continue to be under an obligation to declare, that it does not have knowledge of, or the ability to avail itself of, Confidential Information of the Bermuda Government or BLDC relevant to the Project.
- (2) Confidential Information,
 - (a) shall remain the sole property of the Bermuda Government or BLDC, as applicable, and the Proponent shall treat it as confidential;
 - (b) may not be used by the Proponent for any other purpose other than submitting a Prequalification Submission or an RFP submission or performing a subsequent agreement relating to the Project with the Bermuda Government or BLDC, as applicable;
 - (c) may not be disclosed by the Proponent to any Person who is not involved in the Proponent's preparation of its Prequalification Submission or RFP submission or the Proponent's performance of a subsequent agreement relating to the Project with the Bermuda Government or BLDC, as applicable, without prior written authorization from the party in respect of whom the Confidential Information relates;
 - (d) if requested by the Bermuda Government or BLDC, will be returned to same no later than ten calendar days after such request; and
 - (e) may not be used in any way that is detrimental to the Bermuda Government or BLDC.
- (3) Each Proponent shall be responsible for any breach of the provisions of this Section 7.5 by any Person to whom it discloses the Confidential Information. Each Proponent acknowledges and agrees that a breach of the provisions of this Section 7.5 would cause BLDC, the Bermuda Government, and/or their related entities to suffer loss which could not be adequately compensated by damages, and that BLDC, the Bermuda Government, and/or any related entity may, in addition to any other remedy or relief, enforce any of

the provisions of this Section 7.5 upon application to a court of competent jurisdiction for injunctive relief without proof of actual damage to BLDC, the Bermuda Government, or any related entity.

- (4) The provisions in this Section 7.5 shall survive any cancellation of this RFQ or the RFP and the conclusion of the RFQ and RFP Processes.

7.6 Protest Procedures

- (1) A Proponent that is aggrieved in connection with the selection of the Pre-Qualified Parties or any other decision made by BLDC as a result of this RFQ must file a verified protest with the Chief Executive Officer of BLDC in writing within seven calendar days after the time the Proponent knows or should have known of the facts giving rise to the protest. Protests received after such seven calendar days are untimely and may be disregarded by BLDC in its discretion, and any claim or assertion that is not raised in a protest shall be deemed irrevocably waived. If a protest is not resolved by mutual agreement, the Chief Executive Officer shall promptly, but in no event later than 60 calendar days from the filing of the protest, issue a decision in writing stating the reason for the action taken. No action may be commenced in a court of competent jurisdiction in connection with any decision made by BLDC resulting from this RFQ unless the Proponent has exhausted the process and remedies set forth in this Section 7.6. The provisions in this Section 7.6 shall survive any cancellation of this RFQ or the RFP and the conclusion of the RFQ and RFP Processes.
- (2) This RFQ shall be governed by and construed in accordance with the laws of Bermuda.
- (3) Provided that the parties have first completed the consultation process contemplated in Section 7.6(1) above, any dispute, controversy or claim arising out of or relating to this RFQ shall be settled by arbitration in accordance with the *Bermuda International Conciliation and Arbitration Act 1993*. The appointing authority shall be the Appointments Committee of the Chartered Institute of Arbitrators, Bermuda Branch. The place of arbitration shall be Bermuda. There shall be only one arbitrator.

- (2) BLDC and its Representatives shall not be liable for any information or advice or any errors or omissions that may be contained in these RFQ Documents or the addenda, appendices, data, materials, or documents (electronic or otherwise) attached or provided to the Proponents pursuant to these RFQ Documents or otherwise with respect to the Project.
- (3) BLDC and its Representatives make no representations or warranties, and there are no representations, warranties, or conditions, either express or implied, statutory, or otherwise, in fact or in law, with respect to the accuracy or completeness of these RFQ Documents or any addenda, appendices, data, materials, or other documents, and BLDC and its Representatives will not be responsible for any claim, action, cost, loss, damage, or liability whatsoever arising from any Proponent's reliance on or use of these RFQ Documents or any addenda, appendices, data, materials, or other documents provided, delivered, or made available by BLDC or its Representatives.

- (i) **Conflict of Interest:** to exclude or remove any Proponent from the RFQ Process:
- (i) pursuant to Section 7.4(10), on grounds of Conflict of Interest with respect to Ineligible Persons or their subcontractors or consultants;

BLDC shall have the following rights in its discretion with respect to any Team Member or Key Individual(s) as applicable and in each case without incurring any liability for costs and damages incurred by any Proponent, Team Member, or Key Individual. In exercising its discretion, BLDC may have reference to the Evaluation Criteria Categories set out in the RFQ Documents and such other criteria as BLDC may consider relevant.

- (a) **Unethical Behaviour or Inappropriate Bidding:** pursuant to Section 5.5(1), to require the Proponent to remove or replace a Team Member or Key Individual, if the applicable Team Member has been disqualified from an BLDC procurement process as the result of a conviction related to inappropriate bidding practices or unethical behaviour, or if there are any convictions related to inappropriate bidding practices or unethical behavior by a Team Member or Key Individual or any of their Affiliates in relation to a public or broader public sector tender or procurement in any jurisdiction. Furthermore, BLDC shall have the discretion to require the Proponent to remove or replace any Team Member or Key Individual in the event that any Team Member or Key Individual:

RFQ Section 1.1(1) Project	<p>Project Name:</p> <p>Ships Wharf Energy Plant (the “Project”)</p> <p>Description of Project:</p> <p>BLDC is seeking to enter into a Project Agreement with one or more Prequalified Parties to design, build, finance, operate and maintain the Project. BLDC is an organization that is committed to job creation and economic development and seeks to generate activity that will maximize plant-related employment and revenues by promoting the use of plant infrastructure.</p> <p>The requirement is to build a power plant capable of delivering at least 20 MW of capacity to the Island’s electrical network. The infrastructure may be scaled to deliver higher capacity.</p> <p>The power plant is envisaged to use low cost, low emission energy technologies. Bulk fuel and energy storage options will be considered.</p> <p>This project parallels a proposed cargo port development project, which may provide a transport mechanism for fuel, if necessary.</p> <p>Although final decisions with regard to the nature of the concession to be granted have not been made, it is anticipated that the successful proponent under the RFP will enter into a long-term conditional site lease with BLDC.</p> <p>Delivery Mode: Build-Own-Operate-Transfer (BOOT)</p> <p>The Project:</p> <p>The Project has been scaled to deliver power into the existing power grid. The site is of sufficient size to deliver a larger capacity, which may yield economies of scale. The Project shall deliver a turnkey solution.</p> <p>Additional technical details and background information are contained in the Technical Information Booklets made available to Proponents after registration and payment of the Registration Fee. In outline, the Project will require the delivery of the following infrastructure:</p> <ul style="list-style-type: none"> • Complete, dispatchable energy plant; • The energy scheme shall be as efficient as possible to derive maximum revenue from electricity sales; • The scheme shall include the ramp on infrastructure, likely at 22kV to deliver power into the Island grid; • The scheme shall include the means for transport of energy and handling of initial contracts. This will include any additional clearances and plant infrastructure, if required;

SCHEDULE B – PREQUALIFICATION SUBMISSION REQUIREMENTS

INSTRUCTIONS:

1. Introduction

The Prequalification Submission requirements for,

- (a) the Proponent's Technical Submission; and
- (b) the Financial Information Package,

are set out in Table 1 of this Schedule B – Prequalification Submission Requirements. Proponents should prepare their Proponent's Technical Submission and their Financial Information Package by providing the information in the order and as set out in Table 1 and should refer to the RFQ and the guidelines and instructions set out below for additional submission instructions.

For clarity, in respect of the Prequalification Submission requirements for the Proponent's Technical Submission, a Joint Venture respondent must submit a single response reflecting the collective knowledge and experience of the members of the Joint Venture within the project example and page limits allowed. In respect of the Prequalification Submission requirements for the Financial Information Package, a Joint Venture respondent's Team Members must each submit a response.

If the answer to the questions posed in Table 1 is "Nil" or "Not Applicable", indicate this accordingly.

Responses are to be submitted double-sided, in 12-point font and on 8.5" x 11" sized paper (unless otherwise indicated in Table 1). Page limits, if applicable, are indicated in Table 1. For clarity, each side of a double-sided page counts as one page. Page limits are maximum page numbers and do not need to be reached for each item indicated, but should not be exceeded. Proponents are cautioned that, in accordance with Section 4.3(4) of the RFQ, the evaluation teams will not review or score pages in excess of the maximum number of pages for each item.

For further clarity, any submitted page will be counted as part of the page limit, whether the page is fully utilized or not (i.e. a page submitted ¼ full will be counted as 1 page.) Proponents should not submit pictures along with project examples that exceed the page limit.

2. General Guidelines and Instructions with Respect to the Prequalification Submission Requirements

In selecting which projects to submit as examples to demonstrate experience, Proponents should submit projects that demonstrate a Proponent's capacity to undertake this Project by describing its Relevant Experience (as such term is defined in the RFQ Data Sheet).

In evaluating the Prequalification Submissions, BLDC may also look at how advanced the Proponent's named projects were (e.g. level of completeness), how recent, what the role that a firm or individual played on the prior project was (e.g. was the role similar to proposed role on the Project), how recent the named projects are and the overall success of the named project (i.e. on-time, on-budget, post-occupancy success factors).

3. Guidelines and Instructions with Respect to Project Management, Design, Construction and Operation Experience

For each project submitted as an example of project management, design, construction or operations experience in response to this Schedule B, the following information must be included (as applicable):

- (a) name of Prime Team Member(s) or firm responsible for the project and a description of their role on the project;
- (b) project name and location (City, Parish/Province/State, Country);
- (c) project description (including dates and type of facility, size and current status);
- (d) project delivery type (e.g. Design-Build, Design-Build-Finance, Design-Build-Finance-Maintain or similar type of project, stipulated sum, construction management, etc.);
- (e) project capital cost (original and final, including total value of change orders as a percentage of total construction cost and a brief explanation of any variance between the two);
- (f) project Schedule (original and actual, including a brief explanation of any variance between the two);
- (g) role of the Prime Team Member in project management, design or construction (as applicable), including the management of subcontractors, and other team members;
- (h) all Key Individuals involved in the project and their respective roles, including identification of individuals who are put forward to act in similar key roles for the Project;
- (i) design and/or quality objectives of the project, key challenges, and solutions implemented to respond to these objectives and challenges;
- (j) unique aspects such as energy conservation, energy performance once operational, sustainability, workplace excellence, etc.;
- (k) any lessons learned;
- (l) relevance to the Project;
- (m) graphic illustrations, drawings and/or photographs;
- (n) significant honours, awards, publications, peer recognition, or other evidence of design excellence (as applicable);
- (o) client reference (client name, contact name, title, location, phone number, and e-mail address); and
- (p) any further information that will assist in the evaluation of the Prequalification Submission.

4. **Guidelines and Instructions with Respect to Project Lists**

Each list submitted in response to Table 1 to this Schedule B must include the following project information:

- (a) project name;

- (b) delivery model;
- (c) involvement of the Team Member and anticipated release date from the project;
- (d) Scheduled Substantial Completion Date (as defined in the applicable project agreement);
- (e) Substantial Completion Date (as defined in the applicable project agreement);
- (f) Final Completion Date (as defined in the applicable project agreement);
- (g) project status;
- (h) achievements; and
- (i) all disputes, if any.
